Debt Management Plan

If this is a viable option for you, GreenPath can set up a payment plan with your creditors to potentially eliminate collection calls, reduce interest and eliminate fees. This isn't debt settlement. You would pay the entire principal balance, but would do so more quickly while paying less interest. You make one affordable deposit to GreenPath with each paycheck, and GreenPath pays your creditors prior to the due dates. Reduced interest and fees enable you to pay the entire principal balance more quickly while saving thousands of dollars in interest.

Help With Housing Issues

GreenPath can help you explore options for avoiding foreclosure, including contacting your mortgage servicer if necessary. We also offer pre-purchase education and reverse mortgage counseling.
